SEASONABLE CHAT

The election is over; let's get down to business and make the old State hum with activity. We're not dead yet.

HUNTING SEASON!

When the chilly autumn winds waft through the leafless branches and the whistle of the quail is heard in the meadows, the heart of the hunter is stirred and he longs to shoulder his trusty gun and, with dog at heels, tramp the uplands in search of game—and health. The season is close at hand. Be ready, and when the first holiday comes get an early start. You will need a good Hunting Coat, pair of Leggings and strong, well-made Gloves. We are headquarters for this class of goods and invite your inspection.

MR. FARMER, your busy season is also close at hand. To be ready for the hog killing you will want a Sausage Grinder, Lad Press, Keen Kutter Hatchet with a smooth sharp edge, and good, strong, well-tempered Butcher Knife, a Food Cutter and a good Lantern. Perhaps there are other things you need and will find out when you look around our large and up-to-date stock. We are here to please you.

Come and get a chance on the \$50 set of Heavy Work Harness. You might be the lucky winner.

Yours for a better, bigger and busier Kentucky,

Mike Brown,

The Square Deal Man.

SEPARATE SCHOOLS

In Kentucky—Supreme Court Declares Kentucky Courts Were Right in Berea College Case

WASHINGTON, November 9th.—In deciding the case of Berea College vs. the State of Kentucky favorably to the State, the Supreme Court of the United States today held that the States of the Union may constitutionally legislate to prevent the co-education of the white and black races.

The case was instituted to test the validity of the State law of 1904, prohibiting white students from attending the same schools.

The higher State Court took the position that white and black races are naturally antagonistic and that the enforced separation of the children of the two is in line of the preservation of the peace.

The opinion of the Supreme Court was handed down by Justice Brewer and affirmed the finding of both the Ken-

tucky Circuit Court and the Court of Appeals. Justices Harlan and Day dissented.

Many of our local merchants, owing to the large sum of money tied up in Mason county's tobacco, predicted that this fall's business would show considerable decrease. They forget Mason county's vast resources aside from tobacco. Our business proves it. Our November sales to date actually show an increase over last year's. Doubtless OUR MERCHANDISE AND PRICES HELP BOOM THINGS ALONG. Few communities are more alert or use better judgment in "shopping" than ours. That's the kind of trade we want. MAYBE President ROOSEVELT's Thanksgiving proclamation helped some to knock de stuffin' out of BILLY BRYAN.

UNITED STATES SENATOR FRANCIS G. NEWLANDS, Democrat, of Nevada, has been re-elected by popular vote by a majority of between 2,000 and 3,000. He is immensely wealthy, having legal charge of one of the big California estates left by a forty-niner. He is the most voluble member of the Senate and can talk more and say less than any ten of his colleagues. NEWLANDS bloats in millions and billions and it would bankrupt the United States Treasury if half his big schemes were adopted. He introduced the high financial proposition for the Government to loan the city of San Francisco \$500,000,000 at 2 or 3% to rebuild after the earthquake of 1906. The able Senator never thought, probably, that if the Government favored San Francisco it would also have to help Galveston, Baltimore and all other afflicted cities. These Demi-Pop. statesmen are blind reasoners who never stop to count the cost and never understand that the public money is not coined for any particular section, but for all the people all the time—the greatest good to the greatest number. Uncle Sam plays no favorites, and it is not democratic to ask special indulgences.

The innocent girl shrank from him in horror, and the young man realized that he had gone too far. Indeed, as the panting girl strove to collect herself sufficiently to express the scorn surging in her bosom, the young man thought of the beating he must endure the next day from her father and brothers, and of the long accounts of the fight that would appear in the newspapers.

Fortunately, he had his hat in his hand, and turned to go.

But the girl struggled to speak. She would express her contempt for his action, though it killed her.

"When," she said in a low, faltering voice, full of deep-seated hatred, "are you coming again?"

HOUSE
WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S
VEGETABLE COMPOUND
comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

As Was to Be Expected.

Five years ago London took over its waterworks, with the result that water rates have increased rather than diminished. Referring to the operating expenses, Sir Melville Beachcroft, chairman of the water board, recently said:

"So far it must be admitted that no saving had been effected. I do not think that it was ever anticipated that there would be any saving in the expenses of administration, as the management of a trading concern by a municipal body must always involve expenditure quite outside that which falls on a private company."

Where It Pinches.

"Disgusted" writes to the London Daily Express: "For years past I have always paid at the rate of 21 shillings per annum for water under the New River company, but now I have just received a demand note from the Metropolitan water board for water at the rate of 24 shillings per annum. This is the benefit (?) we get for doing away with private enterprise and is, I consider, a fair specimen of state trading."

At a meeting called by the board of trade of Audubon, N. J., and attended by about 150 citizens the proposition to install a municipal waterworks was overwhelmingly defeated.

New York

NEW YORK, November 9th.
—A sensational break in American Tobacco stock occupied the curb market today following the adverse decision of the United States Court Saturday.

That decision was announced after the close of the market, when the American Tobacco Co. securities were quoted at 375.

Soon after opening today the curb was flooded with selling orders and within the first 35 minutes the stock sold down to 348, a drop of 27 points compared with Saturday's closing prices.

NASHVILLE, TENN., November 9th.—Former Senator Edward Ward Carmack, Editor of The Nashville Tennessean, was shot and killed this afternoon about 4 o'clock by Robin Cooper, a son of Colonel Duncan Cooper. Soon after they came in sight of one another, the shooting began, Robin Cooper, it is said, firing two shots and Senator Carmack one. Colonel Cooper, it is said, drew his pistol, but did not use it. Senator Carmack fell to the pavement, dying almost instantly. Young Cooper was shot in the right shoulder and is not seriously injured. It is said that the trouble is one of the results of the recent gubernatorial primary, in which Senator Carmack was defeated.

Orville Taylor, 15-months-old son of Mrs. and Mrs. W. S. Dice, died last night at their home on Hilltop from burns caused by the upsetting of a can of concentrated lye some six weeks ago. Funeral tomorrow at 10 a. m., burial in Washington Cemetery.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; hence cases of deafness caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BOGGS.

Miss Stella Nash is up from Maysville visiting relatives.

Joe Henderson has moved from McKenzie to the B. F. Ferguson property at this place.

Robert Davis has purchased a lot near Tollesboro and will move there when he erects a dwelling.

The Teacher's Training Class at Ebenezer Church, taught by J. C. Boyd, is progressing nicely, with an enrollment of about 17.

The pipe line to convey natural gas from West Virginia to Cincinnati passes within a mile of this place. Hundreds of wagonloads of pipe have passed through here to be delivered along the line.

The election is over, and all satisfactorily, if our neighbors over the river had elected Governor Harris, but politics is still warm and candidates numerous here on account of the Republican Primary, which comes off November 21st.

A good many have been asking what is the matter with the Boggs correspondent and other correspondents of THE LEADER. One gentleman down in Alabama writes for clippings from THE PUBLIC LEADER containing Boggs items. The correspondence, in our opinion, where they are not made up of local visiting, is one of the most important parts of a local paper. But we have not been able to answer questions concerning the correspondence, as several letters from here have not appeared, and we notice a falling off of many correspondents. We suppose they have been crowded out. Wouldn't THE LEADER look nice if it was enlarged to a seven or eight column paper?

Mr. and Mrs. Robert J. Boggs celebrated the fiftieth anniversary of their wedding Tuesday, November 3d. A large number of relatives were invited for dinner, many of whom were unable to come, but sent letters of congratulation. Those who came brought nice presents and enjoyed the occasion very much. The two dining-rooms were beautifully decorated with appropriate flowers, evergreens and golden leaves. An elegant dinner was served to about 25 persons, turkey and pumpkin pie indicating that Thanksgiving was near. In the afternoon the little company was photographed. While the family were comfortably enjoying the fire-side that evening, reading The Times-Star and LEADER, silence was broken by the ring of bells and various noises from a little procession which suddenly appeared and began moving around the house. The doors were thrown open and in came about twenty young women and young men in great glee, who spent the evening playing the piano, singing good old hymns, chatting and eating fancy candies. Thus ended the happy golden wedding anniversary, which not every couple is permitted to celebrate.

DUST IS 17 FEET DEEP

Record For Dryness Seems to Have Been Reached as Result of Long Drought

Lexington Herald.

Seventeen feet of dust in Fayette county is probably the maximum effect of the drought. That for this depth there is no moisture was disclosed by excavations made in the suburbs this week. Prior to this exhibit the depth of absolutely dry soil had been reckoned at about four feet.

A fence builder reports that not a hole dug within months has he found trace of moisture and it requires as long to sink one post hole as it formerly did two.

WILLIS DISMISSED

Judge Rardin Acquits Greenup County Clerk of Election

Greenup Republican.

P. K. Willis, who was charged with tampering with a ballot in Tuesday's election, was dismissed by Judge Rardin Friday.

The warrant against Willis was sworn out by Warren Vallance, who claimed his ballot was voted for Kehoe when he took it into the booth. Mr. Willis was Clerk of the election, so the warrant was sworn against him.

Vallance swore on the witness stand that he voted under the Log Cabin, then looked down near the bottom of the ballot and found a cross before Kehoe's name. He said he intended to vote for Howland for County Clerk, but did not want to vote for Kehoe. So he came out of the booth and made a kick. A new ballot was given him, which he voted.

Mr. Willis swore he did not vote the ballot as indicated and knew nothing whatever about it. The Judges of the election, A. B. Morton and Dr. Debar, swore they saw nothing out of the ordinary and that if any marking was done by the Clerk they would have seen it. Thereupon, the case was dismissed.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

Miss Mattie Miller Vaught of Frankfort Dislocates Knee

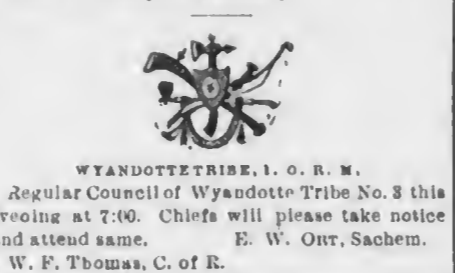

In stooping over to pick up a scrap of paper, Miss Mattie Miller Vaught, aged 16, daughter of Presiding Elder J. O. A. Vaught of Frankfort, formerly of this city, dislocated the knee of her right limb, and she has been informed by her physicians that the knee must remain in a plaster cast for one year.

The accident happened while Miss Vaught was attending the Millersburg Female College as a student.

The only explanation for the injury is that in bending over Miss Vaught threw too much weight on her knee.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily; when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Frederick Dressel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills a most excellent kidney remedy, and I am only too glad of an opportunity to speak in their behalf. About five years ago I was bothered by kidney trouble. The kidney secretions were attended with much pain during passage and were very irregular in action. Severe pains across the small of my back were of frequent occurrence and at times greatly interfered with my work. A friend advised me to use Doan's Kidney Pills, as he had taken them for a similar trouble with the best of results, and I procured a box at J. J. Wood & Son's Drugstore. I used them strictly according to directions and they afforded me prompt and effective relief."

"LIVES OF GREAT MEN ALL REMIND US"
The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

NO MAN DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap, cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
